

Muktadir Hossain

Profile

Passionate React Native developer with 2+ years of experience in building scalable and high-performance mobile applications. Proficient in React, Next.js, React Native CLI, and TypeScript, with expertise in state management using Redux and form handling with React Hook Form and Zod. Familiar with UI/UX principles and Figma for design implementation. Experienced in deploying apps to Google Play Store and integrating push notifications. Seeking to leverage my technical skills and problem-solving abilities to create impactful software solutions that enhance user experiences

Education

Bachelor of Social Sciences
Result: 3.04 (Out of 4.00)

Dept. of Folklore.
University of Rajshahi
2018-2022

Experience

- rajIT Solutions Ltd. Rajshahi** Assistant Software Developer
[January,2023 – January,2024]
Developed and optimized React Native apps with intuitive UI components, ensuring seamless performance across devices. Collaborated with designers to translate Figma prototypes into pixel-perfect, responsive interfaces.
- rajIT Solutions Ltd. Rajshahi** Programmer
[February,2024 – Present]
Developed and optimized scalable React Native apps with high performance and cross-platform compatibility. Worked closely with the design team to refine UI/UX in Figma, enhance push notifications, and implement user-friendly interfaces. Collaborated with the backend team to integrate APIs and improved state management with Redux.

Skills

Front-End Technologies:

- > React-Native (CLI)
- > React
- > Next JS
- > JavaScript & Typescript
- > Redux & RTK Query
- > HTML & CSS
- > Tailwind CSS
- > Native Wind
- > Async Storage & MMKV
- > React Hook Form & ZOD

Back-End Technologies:

- > Node JS
- > Express JS
- > MongoDB
- > JWT & OAuth

Technical Skills:

- > Version Control
- > Push Notifications
- > Google Play Store publishing
- > Figma & UI/UX Design
- > Push Notification (FMC)
- > Postman (API testing)

Language

- > Bangla (Native)
- > English (Fluent)
